

OLGA BUDITSKAJA

Frontend Java Script Developer

- I'm dedicated Java developer. 8 months of Java Script experience. Pre-Intermediate level of English but now I keep leveling up
- I'm industrious, punctual, responsive, non-conflict, goal-directed, supportive active life position, analytical
- Enthusiastic and dedicated individual, looking for a new role in software development as a middle/strong junior java developer. Interested in solving exciting technical challenges and providing better solutions through a mix of logic and creative mind. Eager to expand my technical skills with the newest technologies and approaches. I would be happy to adopt new knowledge both in the backend and in the frontend.

MY SKILLS:

React, Redux, AJAX, JSON, Vue, Vuex, Vuetify, JavaScript (ES5,6), HTML5 and CSS3 (Bootstrap, CSS Grid, Flexbox Css), GIT, GitHub, Gulp4, Webpack, SASS, SCSS, LESS, Pug, Node.js, CMS OpenCart, SQL

EDUCATION

- CyberBionic Systematics - 2022
courses, JavaScript Developer + React
- IT company Lemon Shool - 2020
SEO courses, website promotion
- National Technical University «Kharkiv Polytechnic Institute» - 2003
in the specialty of Networks and Systems

EXPERIENCE

I am the owner and part-time manager of a small women's clothing website that works on the OpenCart CMC. The site was completely written by myself. I used HTML Twig and XML module. [View site](#)
